

Altair® HyperWorks® Student Guides Kit

- Are you an Engineering Student who wants to attain HyperWorks proficiency? or
 - Are you an Engineering Faculty needing training resources to teach HyperWorks effectively?
- If yes.. have you seen the Altair HyperWorks Student Guides Kit? Its your one stop solution to learning FEA!**

The **Altair HyperWorks Student Guides Kit** is aimed at undergraduate and graduate students with Mechanical Engineering background and presumes no familiarity with either FEM or HyperWorks or any CAE software. Readers are required to be familiar with subjects covered in most Mechanical Engineering courses.

 Altair
HyperWorks®

A Platform for Innovation™

Altair HyperWorks Student Guides - for the Students

- Covers key Altair CAE Solutions for FEA & MBD
- RADIOSS (Linear/Non-Linear, Explicit/Implicit Analysis)
- OptiStruct & HyperStudy based Optimization
- HyperForm / RADIOSS for Stamping Simulation
- MotionView / MotionSolve for Multi-Body Dynamics
- HyperWorks Process Manager
- Coverage of HyperMesh, HyperView, HyperGraph, HyperView3D Player
- Discusses "domain" specific areas

Altair HyperWorks Student Guides - for the Faculty

- 24 Projects to choose from
- Step-by-step videos, covering every inch of the process
- 16 hours of instructional video covering all aspects
- Audio-track can be "localized" - country / region specific language
- HTML can be edited by lecturer, reseller, using a wiki format
- Each project covers a separate function using "real" life scenarios

HyperWorks Learning Simplified!

Set of 6 books segregated in Two-parts

- *Printed Books for Students* - *Audio-visual Guide for Faculty*
HyperWorks Student Guides Kit covers the following subjects:

1. A Designer's Guide to Finite Element Analysis
2. CAE and Design Optimization - Basics
3. CAE and Design Optimization - Advanced
4. Multi Body Dynamics
5. CAE for Simulation of Metal Forming
6. Managing the CAE Process

To order your personal copy of the HyperWorks Student Guides Kit **e-mail: marketing@india.altair.com**

Price Rs. 5000.00 (for the entire set of 6 books) + applicable taxes.
Cheques/DD to be drawn in favour of "Altair Engineering India Pvt Ltd."
